

NECSA LEARNING ACADEMY

DEVELOPING SKILLED ARTISANS
BUILDING A STRONGER FUTURE

SKILLS TODAY. SUCCESS TOMORROW.

ABOUT NLA

Since 1983, Necsa has trained thousands of youth in technical trades such as draughting, boiler making, welding, electrical work, turning & fitting, etc.

This includes a programme for engineering graduates in training and at universities.

OUR COMMITMENT

We are committed to developing competent, safety-conscious artisans and engineering professionals who contribute to industry and nation building.

NLA OVERVIEW

Necsa Learning Academy delivers QCTO-accredited occupational qualifications that respond directly to the skills demands of South Africa's engineering and manufacturing sectors.

These programmes are designed to develop competent work-ready artisans through an integrated approach that combines occupational knowledge, practical skills, and structured workplace experience, in line with national occupational standards.
